# SAM LEADER

#### **EDUCATION**

University of Alberta Class of 2025

Bachelor of Science in Engineering

Edmonton, AB

#### **Relevant Coursework:**

- PHYS 130 Wave Motion, Optics and Sound
- ENCMP 100 Computer Programming for Engineers (MATLAB)

#### **EXPERIENCE**

## Camp Oselia Children's Camp

June 2021 - August 2021

Groundskeeper

Lake Wabamun, AB

- Mowed grass, chopped wood, and other general maintenance.
- Assumed the duty of caretaker while they were absent, which included helping renters and collecting garbage.
- · Learned how to operate equipment/machinery, including reciprocating saws and a tractor.

# **Allied Global Marketing**

February 2018 - April 2019

Gofobo Rep Edmonton, AB

- Helped run and set up movie screenings for companies including Disney and Warner Brothers.
- Scanned screening tickets (different than normal movie tickets).

#### **PROJECTS**

#### samleader.com | HTML, CSS, JavaScript

January 2022

Developed a personal website to showcase some of my personal projects.

#### **Software Defined Radio (SDR)**

January 2022

- Built an antenna to receive images taken and transmitted by NOAA satellites passing overhead.
- In the future, I want to build a more powerful antenna to connect to satellites in geostationary orbits.

Discord Bot | Python March 2021

- Built a general purpose Discord bot using discord.py.
- The bot was able to react to specific messages, send personalized messages based on the user, and perform calculations when prompted with an math problem.

# **SKILLS**

Languages: English, French

Programming: Python (learning), HTML (learning), MATLAB, LATEX

Technical Skills: Git/Github, Microsoft Office

#### **EXTRACURRICULAR**

# 59th Greenfield Venture Company

Fall 2020 - Fall 2021

President

- Directed Company meetings, recorded minutes, and planned activities and volunteer opportunities for the Company.
- Before being elected president, I was the Company's secretary from 2017 2020.
- Attended the World Scout Jamboree in West Virginia in 2019, representing Canada.

VEX Robotics Club Fall 2017 – Spring 2020

- I was a member of my high school's robotics club, where we built and programmed robots to participate in VEX robotics competitions.
- In 2018, our team placed 9th in Alberta.

#### **AWARDS, ACCOMPLISHMENTS & CERTIFICATIONS**

Alexander Rutherford Scholarship - 2021

**DELF B2** - 85.5/100

WHMIS Certification - 2021

#### **INTERESTS**

Computers, Scouting, Astronomy, Music
